IMCTF

1. Initiative for Moral and Cultural Training [IMCT] was launched in 2012 to impart values through “Value Building samskarams” to school children to influence their conduct, not just thinking.
2. IMCT has devised the following six basic themes (values) that are more relevant and necessary for any person to become humane.
 - 1) Conserve Forest and Protect Wild life
 - 2) Preserve Ecology
 - 3) Sustain Environment
 - 4) Inculcate Family & Human Values
 - 5) Foster Women’s Honor
 - 6) Instill Patriotism
3. IMCT has now reached over 250 schools and more than thirty schools have conducted the thematic samskarams till now.
4. The IMCT programs are conducted as a visual aid in conducive ambiance to influence one’s mind with values, which can mould one’s character and in turn influence the conduct.
5. IMCT believes only in voluntary participation of students and teachers, because compulsion eliminates commitment.
6. IMCT connects the themes to the subconscious of the participants through thematic samskarams that are necessary to influence the conduct.
7. IMCT programs train the young boys and girls to inculcate values and connect them to symbols and symbolisms that are very essential for retaining and remembering values. This is explained by the following triangle.

Thematic samskarams rest on three limbs

1. Theme-value
2. Samskaram-training
3. Symbol - Retainer and reminder of theme (value) it represents.

8. Samskarams conducted in a conducive atmosphere serve as visual aid and kindle the emotions of participants. Such emotional chord penetrates the mind and touches the subconscious of participants. It creates reverence for the value conveyed through the Samskaram. That reverence for value is connected to the symbol of the samskaram.
9. The values imparted by IMCT are our civilization virtues and assets which are the reminders of our heritage. These values and virtues are the foundation of our family, society and nation.
10. IMCT believes that our Bharath is not a mere piece of land, she has a living culture as “Sanathana Dharma” illustrating virtues and values followed by her children as torch bearers.
11. IMCT endeavors to give an alternative thought to the Western countries which have lost their ancient roots in the Name of misguided modernity and disrupted the traditional values.
12. The motto of IMCT is “Value **Building is Nation Building**”. It is very essential and needed to be adopted by schools for fostering values in tender minds of students.
13. IMCT believes that VALUES BUILD NATIONS and therefore it is our responsibility to prepare students with MORAL VALUES and VITRUES through training prescribed by IMCT, who can retain the great heritage of our nation.
14. IMCT is of the view that students passing out of schools should acquire ability to lead not only their individual life but also their family, society and nation. With Bharat seen to be emerging as a Global Power, the future youth must have the capacity to lead the world-hither to lead by the West.

Competition for School Students

Like in previous year's, the Thematic competitions would be an innovative unique one because it connects high values to our Daily life by unfolding the Themes through Samskarams and Symbols. The competitions are based on the six themes mentioned earlier and substantiated with scientific reasons of each classification. The sources from which the materials have been extracted are also given in the relevant context.

General Instructions for the competitors: IMCTF believes more in participation besides excellence.

I. Registration

1. Entry forms should be sent to the organizing institution on or before _____ and ensure that the initial spelling of the names, class of the participant are correct.
2. Once the names are registered, changes will not be entertained.
